Jury Unable to Determine Circumstances of Croker Death

(Scripps-McRae Dispatch.)
KANSAS CITY, May 13.—A warrant was issued today for Lee, the Chinaman in whose den Herbert Croker is said to have smoked opium previous to his death.
Charles Wilson, the negro porter, who piloted Croker to Lee's den is still held; but will probably be released as the police believe he tells a straight story. An Lee has disappeared.

PLANT NOT BEING KEPT IN REPAIR FOR NOTHING

There are still persistent rumors that the old abattoir near Medary is to be operated within a short time. Though the magnificent plant has been idle for some years it has been kept in excellent repair by its owners, a man being hired to care for the buildings and grounds.
It is taken that if this plant was purchased by the trust with a view of killing its usefulness, it would have been destroyed or allowed to go to ruin long ago. It is a certainty that upon four separate occasions within the past six months strangers, evidently connected with the owners, have visited the abattoir measured distances, etc., for sewerage and improvements, indicating that active operation was contemplated.

22 MINERS ARE KILLED

(Scripps-McRae Dispatch.)
BUDAPEST, May 13.—Twenty-two miners were killed today in a premature explosion during blasting operations in the Almasy coal mine at Resicza.

LOST HIS SAVINGS AS HE PREPARED TO SEND THEM

U. Steiner, an altar-maker in the employ of E. Hackner, yesterday lost \$300, the savings of months, between the Batavian National and the First National banks.
Steiner had asked Mr. Hackner to save his money for him, and a few days ago he requested what he had accumulated. Mr. Hackner handed him two \$100 and two \$50 bills. Steiner decided to deposit his money at the Batavian National, but later determined to send it to his parents who reside in Switzerland. He consequently drew his money from the Batavian National and started for the National bank.
When he arrived there his money had disappeared.
He has not since been able to trace it and has not the slightest idea of where it was lost or whether it was stolen from him. Steiner is about 35 years old.

BURY UNIDENTIFIED WRECK VICTIMS

(Scripps-McRae Dispatch.)
HARRISBURG, Pa., May 13.—The body of another victim of the Pennsylvania wreck was identified today as William H. Holmes of Philadelphia.

STRIKE CRISIS HERE

Team Owners Hold Meeting That May Extend it

(Scripps-McRae Dispatch.)
CHICAGO, May 13.—Two hundred additional wagons were put into service this morning by the employers. Because of the subsiding violence the police force on duty as a result of the teamsters' strike has been reduced by a hundred men. The unions this morning distributed fifty thousand buttons with a black border inscribed, "We mourn the loss of a dead brother." The caption is supposed to refer to the death of George Prince, a union teamster killed by Deputy Sheriff Waldron.

Team Owners' Crisis
The Team Owners' association held a special meeting at noon today to consider their proposition in the teamsters' strike and decided to deliver to the strikers' committee tonight their ultimatum that the association will insist on their contracts with "struck" houses being observed. Unless the labor men at Sunday's meeting recede from their position that the Team Owners' association will remain "Neutral" in the present trouble, this action will mean one of two things, a spread of the strike or its practical abandonment.

STEAMER HITS SUNKEN MINE AT PORT ARTHUR

(Scripps-McRae Dispatch.)
TOKIO, May 13.—The British steamer, Seabrales bound from New Chwang to Kobe, struck mine off Port Arthur and went down. Boats from Port Arthur rescued all the Europeans. It is believed several of the crew went down.

PHILADELPHIA'S FAST REORGANIZED TEAM.

COUNCIL GIVES ITS CONSENT TO CARNIVAL PLAN

Will Give Use of Market Square--Other Important Business is Transacted

Provided all the aldermen and city officials wearing their official badges be permitted to all shows free of charge, and provided all shows and attractions are under the immediate supervision of the police department, La Crosse may have a street fair during the week of July 7th.

This is the verdict of the council, after several weeks deliberation. The report of the committees on ordinance and streets and alleys to whom the project was referred at the recent meeting, together with the petition of the La Crosse Progressive association, asking permission for the use of the Market square and adjacent streets for this purpose during the week mentioned, made a favorable report last night which was adopted. The only restrictions were those above mentioned.

New "Peddlers' License"
The council last night adopted the peddlers' license ordinance after its third reading, and it will go into effect at once. This law provides that any transient merchant selling goods from a wagon, or cart, or on foot, or in a store building must pay a license of \$5.00 per day to the city of La Crosse every morning before beginning business, on penalty of paying a fine of from \$25.00 to \$50.00.

Funds Short
The committee on water and sewer extensions reported a shortage of funds for this year's work and the council by a resolution ordered \$15,000 bonds for this purpose. A bonding ordinance was then presented for its first reading, providing for the selling of bonds for the amount mentioned payable within twenty years and bearing interest not to exceed 4 per cent.

The plan for the high school which together with the specifications were referred to the committees on schools and buildings and grounds.
Decide by Lottery
The controversy concerning hack and dray stands at the depots has been settled. An ordinance was introduced and received its first and second reading providing that the chief of police annually on July 1st, hereafter set aside the hack stands at the several depots and clearly mark them out on number them. The hackmen will then be numbered and the places will be assigned the drivers by lottery, the city clerk drawing the numbered slips from a hat.

Want Carnegie Library
An ordinance was received for its first and second reading whereby the council agreed to bind itself to appropriate annually from any funds not otherwise appropriated, the sum of one thousand dollars for keeping up a North Side library, in case Andrew Carnegie will agree to establish one on the North Side. Negotiations have been had with Mr. Carnegie by North Side parties and it is assured that the library will be secured in case the council makes the appropriation.

The sale of the \$20,000 fire and fire engine bonds ordered at the recent election was ordered at a rate of interest not to exceed 4 per cent.

New Pavement
Final action was taken in authorizing the pavement of the following streets: Main, from Sixteenth to Seventeenth, Sixteenth, Main to King, Fourth, Cass to King with brick. The report of the Board of Public works fixing the benefits and damages on

ORDERLY MURDERS VICE-ADMIRAL

(Scripps-McRae Dispatch.)
ST. PETERSBURG, May 13.—Vice Admiral Nuzitoff was shot and killed by an orderly in his room today. The orderly fired three shots from a revolver. The crime is attributed to the anger of the orderly at his dismissal from the duties as orderly being ordered to proceed to the front.

SEVEN KILLED

(Scripps-McRae Dispatch.)
BUTTE, Mont., May 13.—As a result of the explosion of a hundred pounds of dynamite on the fifteen hundred foot level of the Corro mine Friday, seven men were instantly killed and one probably fatally injured.

FUNERAL OF MISS LUCY LAMB

The funeral services over the remains of Miss Lucile Lamb, who died Thursday evening at the La Crosse hospital, was held this morning at eleven o'clock from the home at 502 Cass street.
The remains were taken to West Salem at noon and services were held at the Congregational church, there this afternoon. Interment was made at the West Salem cemetery.

His Accounts Short s Auditor Suicide

OCONTO, Wis., May 13.—L. J. Rens, local representative of the H. E. Eachon company of Wausau, committed suicide here on Wednesday. The body was found today in a barn just outside of the city limits. Wednesday morning an auditor for the company appeared the office to check up Mr. Rens and he reported a considerable shortage which Mr. Rens claimed was outstanding, whereupon the auditor told him to go out and make the collections. He started out to make them. Made a few and disappeared, and nothing further was seen of him until today when his body was found. There was a note in his life in his pocket. His accounts are said to be short from \$5,000 to \$10,000. He has always been quite prominent here and served the city as an alderman for two years preceding April 1 last. He leaves a wife and two small children.

Dr. Marquardt has gone to Chicago to attend a convention of eye, ear, nose and throat specialists. He will be gone several days.

GAME POSTPONED

Green Bay Team Misses Train--Today's Game Canceled

Because of missing train connections, the Green Bay baseball team which was to play with the La Crosse team this afternoon did not arrive and the game which was at first postponed until five o'clock was called off.
The team will arrive here this evening, however, and tomorrow will meet the locals on the La Crosse street diamond.

NAN GREET'S MOTHER

Freed Actress Cheered at Penna. Station in Washington

(Scripps-McRae Dispatch.)
WASHINGTON, May 13.—A crowd of 250 greeted Nan Patterson when she arrived at the Pennsylvania station at 7:30 this morning. The crowd cheered Miss Patterson and Mrs. Smith party as they walked through the station and took a carriage for their Howard avenue home where the sorrowing mother was waiting for her daughter.
Jumping from the moving carriage Nan ran to the veranda and embraced her mother.
Others of the party followed and the reunion was complete.

CYCLONE WRECKED TOWN, SUBMERGED

(Scripps-McRae Dispatch.)
SNYDER, Okla., May 13.—One hundred and ten bodies of the cyclone victims were brought in altogether. Three more were found last night. Yesterday's cloudburst submerged the entire town, the water being neck deep in some places. A relief committee was sent out with additional calls for supplies today. Another relief train from Hobart arrived this morning.

TRIED TO SEE PRESIDENT SO HE IS INSANE

(Scripps-McRae Dispatch.)
WASHINGTON, May 13.—An Italian arrested last night while trying to effect an entrance to the rear door of the White House this morning was committed to the St. Elizabeth's hospital for the insane. He gave his name as Daniel Costabile.

VACCINATE DISEASED CATTLE

State Veterinarian Roberts and City Veterinarian Holmes yesterday vaccinated all of the remaining cattle on the farm of G. C. Holsith near Mindora where twelve cattle recently died from anthrax, and rigid methods were resorted to to prevent the disease from getting further foothold. The dead cattle were cremated and the place thoroughly disinfected. It is thought that the precautions have put an end to the scare, but the health department will not relax its vigilance, and in case further cases of the disease make their appearance they will be summarily dealt with.

COUNCIL WILL LOOK INTO THAT CITY PRINTING JOB

Suggestiveness of Conspiracy and Urging of Official to Let Contract Causes Delay

The city council did not let the city printing contract last night.
It did not award the contract because there is a suspicion that there exists the old conspiracy whereby the city is to be held up by the trust papers for the full limit of the law on printing. This conspiracy was suggested by the fact that the evening organ of the light trust, the Leader-Press, was the only bidder, the Morning Organ, making no bid whatsoever. Besides this, it was discovered that City Clerk Joseph M. Seiger advertised for bids illegally—that is the advertisement did not conform with the law, and hence it was contended by Alderman John Downs of the North side, that the contract could not be legally awarded to the Evening Organ. The council seemed of the general opinion that there was something wrong with the matter and that an investigation would do no harm. Consequently the matter was laid over until next Friday for final action.
Paul W. Mahoney, our city attorney, calmly announced his belief that the contract should be awarded to the Leader-Press despite the alleged illegality and the fact that there had been but one bid and that at the maximum permitted by law.
After the matter was brought up Alderman Downs was given the floor and denounced the whole proceedings as graft. He said that the city had been held up for many years on the city printing, and presented a resolution, authorizing the city clerk to advertise anew for bids and providing for the rejection of what he termed the "hold-up" bid.
Alderman Winters asked for an explanation, and P. W. Mahoney, our city attorney, who had been waiting anxiously to give his opinion on the legality of the advertisement for bids, advised the council to accept the Leader-Press bid and not go into the matter further. Mahoney said that his interpretation of the law was that the city printing could only be printed in English newspapers. Alderman Downs maintained that the law said that the printing can be done by any newspaper, but must be printed in the English language.
As this was the wording of the law, the aldermen after a heated discussion deferred the matter until the next meeting.
So far as the law is concerned Alderman Downs was right, it being provided that the printing be published in a daily paper published for more than two years in the community, and that the proceedings be printed in the English language.

WEEK BETTER THAN LAST YEAR SAYS R. G. DUN

New York, May 13.—R. G. Dun & Co.'s Weekly Review of Trade says: Unsettled weather still retards retail trade, and uneven distribution of moisture prevents crop prospects from attaining an ideal position, but the general result is much better than normal and far more satisfactory than at this time in 1904. Mercantile payments are fairly prompt, money is easy and abundant, while confidence in the future is the ruling sentiment. Manufacturing activity is unabated, the leading industries reporting a minimum percentage of idle machinery, and pig iron production is expected to establish a new record of over 2,000,000 tons for the current month.

Foreign commerce has again shown an increase at this port over the same week last year. Real estate transfers are very heavy in all parts of the country and in addition to the large amount of building operations in progress the number of new permits indicate that much more structural work is contemplated. Little interruption from labor controversies is still cause for gratification.

Failures this week in the United States are 197, against 212 last week, 204 the preceding week, and 236 the corresponding week last year. Failures in Canada number 21, against 22 last week, 15 the preceding week and 23 last year.

Thug Killed at Owatonna

Owatonna, Minn., May 13.—Sheriff Chambers shot and killed a man whose name has not yet been learned, at Havana, four miles from here. The man was resisting arrest. A farmer of the name of Lund was held up while walking to Owatonna and robbed by two men of nearly \$400.

He gave a description of his assailants to the sheriff, who started in pursuit. He found the men at the station at Havana as they were about to board a train. The men started to run and a crowd stopped them, when both men began to fight. The sheriff, killing one. The other was subdued and is in jail.

Slaves to Spring Catarrh Restored to Health by Pe-ru-na.

SPRING THE TIME TO CURE CATARRH.

Pe-ru-na Invigorates Mind and Body.

Hon. Wm. G. Hunter, Ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., as follows:

"The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peruna."

"The most common affliction to humankind is a bad cold. Peruna drives it out of doors, wards off catarrh, invigorates and gives fresh strength to mind and body. I give Peruna my unqualified endorsement."—Wm. G. Hunter.

Takes Pe-ru-na Every Spring.

Miss Tilly Marx, 421 14th St., Milwaukee, Wis., writes:

"I am pleased to endorse Peruna, as I found it very efficient in ridding my system of a severe cold and catarrhal trouble, after I had tried many other remedies without getting relief."

"I took Peruna for two weeks, when I was much better, and in two weeks more I was entirely rid of the cold and catarrh. I shall take it every spring as a tonic, as I found that it made me much better in every way."—Tilly Marx.

MISS
LYDIA
HERZIGER

Miss Lydia Herziger, Grand Recorder of American Daughters of Independence, writes from Neenah, Wis., as follows:

"I have used Peruna now for four years, each Spring and Fall, and it keeps me perfectly well and strong."

"I am able to continue working and do not have to take a three months' rest, as I used to do every year. This is a great comfort to me, as I was not able to afford such a long rest."

"I find that it is a great preventative for colds and coughs and soon rids the system of all disease and is an admirable medicine. I can honestly endorse it."—Lydia Herziger.

MR.
JAMES A.
MOODY

Mr. James A. Moody, Ex-president Board of Education, Mineral Co., W. Va., writes from 314 Massachusetts avenue, N. E., Washington, D. C., as follows:

"My family have used Peruna for several years past with excellent results and I take pleasure in testifying to its superiority as a remedy for catarrh."

"Every spring that dreaded disease will show up in my family and we always turn instinctively to Peruna to ward it off."

"It has never yet failed, and I never lose an opportunity of recommending it to my friends."—James A. Moody.

Spring Catarrh.

Almost every one has come to believe that spring is a season that brings derangements of the body dependent on blood impurities.

This belief is an old one, is nearly universal, and has arisen, not as the result of the teachings of the medical fraternity, but has been learned in the bitter school of experience.

Nervous Depression.

Depression of the nervous system at the approach of spring is a fertile source of blood impurities.

There are general lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep.

That Tired Feeling.

That tired feeling, which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Peruna is taken.

The Proper Remedy.

Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and procures regular sleep.

Do Not Delay.

Get a bottle of Peruna when the first languid feelings make themselves apparent in the spring. Take it according to the directions on the bottle. Continue this treatment through the first months of spring.

This course of treatment is no experiment; it is as positive in its results as any fact of science can be.

A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as

Mrs. Winnifred Power, an artist, who, in a recent letter from 246 7th St., Portland, Ore., says:

"I am pleased to speak a good word for Peruna, as I found it an excellent tonic and spring medicine and very effective in ridding the system of cold and catarrh."

"About two years ago my system was all run down in the spring and I thought I would try and see if Peruna would be of any assistance in bringing back my health and strength."

"I found that it was splendid and all the medicine that I needed. In a little over a month I was well and did not need to take any more medicine."

"I shall recommend it to every one in need of a tonic, and know that I have only to take a few doses of Peruna when I take a cold and I will soon be over it."—Winnifred Power.

Nature's Assistance.

Spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by

spring weather. This renders medicines more effective.

A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years.

A Word of Advice.

To those who have been afflicted with chronic catarrh we wish to say that the spring season affords you a splendid opportunity to get rid of your disease.

It may be you have been afflicted for several years; you may have tried different remedies. Perhaps you have become discouraged.

Now Is Your Opportunity.

This failure was during the winter months. But now is your opportunity. Nature comes to your assistance at this season.

Just help her a little and she will bring you out of the quagmire in which you have been floundering so long. Give Nature a little assistance lest her struggles be in vain.

A Typical Case.

Geo. M. Fillmore, late 1st Lieut. 3rd U. S. Artillery, writes from 99 L St., N. W., Washington, D. C., as follows:

"I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me, until I was induced to try a bottle of Peruna."

"An immediate improvement gave me hope, if not relief. I kept up taking Peruna and it has so strengthened and relieved me that I am now confident of a cure. I heartily endorse Peruna for catarrhal affections and as a tonic for their weakening effects."—Geo. M. Fillmore.

A short course of Peruna now will be just in time. During the month of April you will find the strategic time to rid yourself of chronic catarrh, one of the most persistent, stubborn diseases in the whole list of human ailments.

After you have tried it you will say Peruna is positively the best spring medicine you have ever used.

A great many years of extensive trials of this remedy in this class of derangements have demonstrated that there are no failures.

Thousands of Testimonials.

Thousands of cases might be quoted in which Peruna has rescued people from the ravages of spring catarrh, and put them on a good, solid foundation of health.

We can give our readers only a slight glimpse of the vast array of unsolicited endorsements Dr. Hartman is constantly receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

LA CROSSE WINS FROM OSHKOSH

Five to Four was the score at yesterday's ball game of seven innings. The game was slow and almost every run on both sides was gained through an error.

Only seven innings were played and the game was by previous arrangement called off at 5:30 in order that the Oshkosh aggregation might catch their train home.

La Crosse started the game by making two runs in the very first inning. Bases were stolen by every one who ran, as the great number of errors and poor fielding gave every one a chance.

The first accident of the season was experienced yesterday by the La Crosse men. In the second inning, Bond, the star La Crosse third baseman, was hit by a wild pitched ball, while batting. The sphere came toward him with tremendous force and struck him back of the ear.

He was taken from the field unconscious and removed to the hospital where he has been very ill all night. This morning he was rational, however and feeling much better. He asked for a morning paper "to see how badly he was hurt."

Bond claims he will be able to play ball again Monday or Tuesday. His injuries consist of a split ear drum and a very severe shock, besides a painful contusion on the head where the ball struck him.

SABELOWITZ-PENTLER

The marriage of Miss Katherine Sabelowitz to Mr. S. J. Pentler, of Milwaukee took place Sunday morning May 7, at the home of the bride's mother, Mrs. Eva Sabelowitz 1001 State street. Rabbi Victor Caro performed the ceremony. It was a small and pretty wedding, only relatives and near friends being present. Mr. Albert Hirschheimer gave the bride away. She wore a handsome tailor made costume of blue cloth. The rooms were decorated with beautiful flowers and foliage by kind and loving friends. A sister and three brothers of the groom were present upon the occasion. Mr. and Mrs. Pentler left on the 12:40 train for the east. They will be at home after June 15th, at 2116 Chestnut streets, Milwaukee. They had many beautiful and handsome presents from their friends in the city and also from their Milwaukee friends. Both are well known in that city, the bride being a graduate of the Normal school and also a teacher for a number of years in the public schools of La Crosse. The groom is one of the prosperous business men of Milwaukee and has been identified with the A. W. Rich Co., of which he has been secretary for the past seventeen years.

TEAS.

Thursday afternoon Mrs. E. E. Dow was hostess at a delightful tea. The house was arranged with beautiful flowers of which there was a great profusion. The dining room was in yellow. In the center of the table was a vase of Roman hyacinths, at the base was a mound of ferns covered with yellow tulips, the effect being quite artistic. The name cards were

THE LAUGH ON THE PEOPLE.

Before the interstate commerce commission in Chicago, one H. Streckmians, a former stenographer for the beef trust, "gave away," a secret code used by the concern. The code was simply a secret mode of wiring matters relative to illegal proceedings that could not be called by their right names. The witness also showed that the profit on "icing" runs from 500 to 600 per cent.

But the most striking thing about the evidence, which was only confirmatory of well known facts, was the impudence which the trust showed in the selection of its code. "Wood-path," signifying the interstate commerce commission, implying rural simplicity in that organization, is an example.

Everybody laughed, and the trust officials joined in the smile at their own keen sense of humor.

The incident is unimportant, as it doesn't matter what the mood of the robber is, so long as he does the robbing thoroughly. However, it does not add to the good standing of these gentlemen that they thus make sport of the most merciless fleecing of the public that has ever been indulged in by any illegal organization. The laugh, we hope, will some day be on the other side.

Athletes Must Pay for Their Board at Their University of Wisconsin

BY ROBT. E. KNOFF.
(Special Tribune Dispatch.)

MADISON, Wis., May 13.—Prof. C. S. Slichter, faculty supervisor of athletics at the University of Wisconsin, has given to members of the various athletic teams the ultimatum that they must pay for their board at the training table or get off the teams. Graduate Manager George F. Downer has a list of the amounts due on these accounts and he is strictly enforcing the ruling of the faculty supervisor. The athletes are resisting the demand and declare that they were told when they were "attracted" to the university that if they were good enough to be taken to the training table they would not have to pay for their board, although it was con-

the orders of Phil King, coach of the football team, that Remp revise his method of snapping back the ball and practice King's method during the spring term and the summer vacation. However, he was induced to remain. Now he is confronted with a board bill which he declares he never was expected according to the representations made to him to pay. The big Irish guard on the football team, "Jack" O'Brien, declares that his bill is altogether too big, even though he is inclined to settle. He is charged with \$15 and declares he was at the training table only two weeks. It is not suspected that Manager Downer will relent in his demand for the money as it is assured that Wisconsin will lose some strong athletes. Much excitement in student circles has been occasioned by the matter.

TUBERCULOSIS THE THEME OF DOCTORS

Scientific Addresses by
Country's Leading
Medical Men

Of the several state conventions to
be held in La Crosse this summer there
are none of greater general import-
ance to the public than the conven-
tion of the Wisconsin State Medical
Society, which meets June 7, 8, 9 and
10.

One of the principal subjects to
come before the convention is tuber-
culosis and its prevention and lectures
will be given upon this topic by some
of the most eminent specialists in
the country. The subject of tuber-
culosis has, within the past few years,
roused widespread interest through-
out the United States and there are
few states which have not taken rigid
steps for the eradication of the dis-
ease. In Wisconsin a state commis-
sion has accomplished a great deal
and promises to do more toward
stamping out this most dreaded of all
diseases.

Big Public Lecture

On the evening of June 7th, the
opening day of the convention a
popular lecture on tuberculosis and its
prevention will be given at Y. M. C.
A., by Prof. Victor C. Vaughn of the
University of Michigan, one of the
leading authorities on tuberculosis.
It was the original intention to hold
this lecture in the theatre, but owing
to an unexpected change in the date
this was rendered impossible, so the
Y. M. C. A. hall was secured. The
general public is to be invited by
ticket and the leading citizens are
urged strongly by local medical men
to attend this lecture, which will be
of vast importance, not only to the
city but to the state.

Followed by Reception

The lecture will be followed by a
reception from 9 until 11 which will
be a dress affair, and one which will
prove thoroughly enjoyable and in-
structive. It will include a scientific
exhibit of the spread and hygienic
means of cure of tuberculosis, in charge
of Prof. Russell of the University of
Wisconsin, one of the state tuber-
culosis commission, appointed by Gov.
La Follette a couple of years ago.

Drive, Luncheon and Excursion

On June 8th, the second day of the
convention, the ladies of visiting phy-
sicians will be entertained by a drive
through the city and luncheon at the
Country Club. There will also be an
excursion on the river from 6 until
10 in the evening, to which the public
will be invited by ticket.

The entire four days will be filled
with interest to the general public.
The scientific meetings, at which the
lectures will be heard and papers read
will be held in the new court house.

One of the features of these meet-
ings will be a lecture in surgery by
Prof. H. H. Young, a man of high
reputation in the surgical world.

There will be present at the con-
vention about 250 of the leading phy-
sicians and surgeons of Wisconsin
and a large number from Minnesota
and Iowa.

A Criterion

Local physicians, of whom there are
between 30 and 40, have set an ad-
mirable example by raising all funds
necessary for the coming convention.
Many have contributed, personally,
large amounts toward the fund and
have worked tirelessly to raise money.
In most instances, convention com-
mittees have applied to commercial
bodies or the council to contribute
largely toward defraying expenses and
the example set by the physicians is
one that merits unstinted commenda-
tion.

ONLY ONE WAY
TO PURIFY THE BLOOD, IN-
CREASE FLESH AND
STRENGTH, TO CURE
INDIGESTION

The rapid increase of heart and
nervous troubles among our country-
men is alarming, and lead many to be-
lieve that our race is growing weaker,
through the strife of the average man
for position and wealth, in this strenu-
ous age; but these conditions are more
often the result of weak stomachs, or
poor digestion, states Dr. L. M. Tur-
bin, the well-known specialist of Chi-
cago.

Why? Because perfect digestion
converts the food eaten, into pure
blood, strong nerves, muscles, and all
the flesh a person needs for health,
thus equipping him for the battle. A
person blessed with a healthy, vigor-
ous stomach and digestion, does not
have impure blood, a muddy, sallow
complexion, is not troubled with weak
nerves, sleepless nights and the thous-
and and one pains and aches arising
from poor digestion.

The Doctor's vast experience and
the success which has attended his
treatment of such cases, warrant the
declaration that there is only one
way to purify the blood, increase
flesh, and restore the delicate mechan-
ism of the entire system to perfect
harmony, and that is a course of
treatment for the digestive organs.

Dr. Turbin's acknowledged skill and
established reputation preclude all
doubt of his ability to restore to
health, those afflicted with any affec-
tions of the stomach.

For the past fourteen years Dr. Tur-
bin has visited our town every four
weeks, and may be consulted free of
charge at the Hotel La Crosse, when
he visits La Crosse, Monday, May
22nd.

SON OF MR. CROKER TAKES "DOPE" AND DIES

CARRIED FROM OPIUM DEN TO TRAIN, WHERE HE DIES IN SEAT

Authorities Seek Negro Who Put Him on Board

New York, May 13.—After more than nine months in prison and three mistrials on the charge of murdering "Caesar" Young, Nan Patterson has walked from the Tombs a free woman. As she left the great building which has been her home since a few days after Young was found dying in a cab in lower New York 2,000 people greeted her with cheers, for the news that District Attorney Jerome would move for her dismissal from custody had spread throughout the vicinity of the court house. But the accused girl had but a few seconds to see and hear the demonstration before she was whisked away in a cab with her attorney, Abraham Levy.

Move Was Rather Unexpected.
The move to discharge Nan Patterson came rather unexpectedly to the public. It was an hour or so before noon when District Attorney Jerome appeared before Recorder Goff in special ses-

sions and announced that he desired to move the discharge of the ex-Flordora girl without bail and on her own recognizance. This announcement followed three trials for murder.

Nan Pays Morgan Smith's Fine.
Not the least interesting of the day's events, and perhaps the great dramatic climax to the troubles of the ex-Flordora girl, was the reunion in freedom with her sister, Mrs. J. Morgan Smith, and her brother-in-law, J. Morgan Smith, both of whom were discharged by Justice Cowing in the court of general sessions after being held on charges of conspiracy in connection with the Patterson case. Smith was also held for contempt of court in failing to obey a subpoena as a witness at the first trial. He was fined \$250 and released on this charge. Then came the surprise, for Nan Patterson herself paid the fine out of a \$300 check which had been given her by a friendly newspaper.

Another Trial of No Use.
District Attorney Jerome announced his decision to free Nan Patterson in a speech in the course of which he declared that during two of the trials of the girl all the evidence in the possession of the district attorney's office had been presented to the court, and that in both cases there had been a disagreement. He said he did not believe that at this time, "in this country, another trial would result in anything else than a disagreement."

ATTACKS TRIAL BY NEWSPAPERS
Jerome declares that they have caused a miscarriage of justice.

Then he declared that during the last trial he had information that the members of the jury had agreed that J. Morgan Smith had bought the revolver, that Nan Patterson carried it in the cab, and that "Caesar" Young did not commit suicide. He took occasion to refute published reports as to the cost of the proceedings. Following this line he declared that the newspapers had made "gross misrepresentations" and then said: "This case has caused one more step in this country toward trial by newspaper rather than trial by jury. I do not refer to those papers which have merely reported the proceedings, but to those which in their editorial rooms have labored to arouse sympathy for the prisoner with the result of a serious miscarriage of justice."

"Everything that the prosecution has done has my cordial and hearty approbation. I fear nothing for myself or my assistants. My assistant did rightly, bravely, honestly and went forward with my entire and perfect approbation." He concluded with the motion that Nan Patterson be discharged on her own recognizance. It was then that Miss Patterson was sent for, and as a court officer met her in her cell he said: "Come on Nan. It is all right; you are going free."

Recorder Goff, the venerable judge who has tried so many famous criminal cases, met the eyes of the girl as she walked slowly into the court room and took the same seat which she occupied during the trying days of her last trial. "Nan Patterson," he said slowly, "the district attorney has seen fit to recommend your discharge. I feel bound to say I fully coincide in the decision. There is nothing I can say in this case that has not already been said, but let me entreat you in your future life to remember the terrible ordeal through which you have passed and to permit every action of your life to be guided by that remembrance. Good-bye," and the recorder bowed his head as he uttered the final word and closed the case.

A moment later the girl was shaking hands with her counsel. Then she walked steadily from the court to find herself in the arms of her father just outside the door. The crowds in the corridor cheered and the police let them have their way. As she reached the street door the demonstration was taken up by a throng outside. Hurrying through the crowd she took her place in a cab, smiling and nodding to the friendly greetings. The freed woman took a train for Washington later, to see her mother.

WILSON GOES SOUTH TO TALK TO THE FARMERS

Memphis, May 13.—Secretary of Agriculture Wilson, accompanied by Professor J. M. Spillman and M. A. Carleton, has arrived from Washington on the way to the southwestern states, where an investigation of agricultural conditions is to be made. On arrival here the secretary's car was attached to a special train carrying officials of the Rock Island system, and departed over that line for Little Rock, the first city in the itinerary.

It is the plan of the secretary to tell the farmers of the southwest the results of agricultural department experiments in which they are interested. The districts to be visited are Arkansas, Texas, Kansas, Indian Territory and Oklahoma.

Justice Miscarried, Says Jerome of Nan Patterson Case

Kansas City, Mo. 13.—Herbert V. Croker, a son of Richard Croker, the New York political leader, was found dead on a south-bound Atchafalaya, Topeka and Santa Fe railway train between Kansas City and Newton, Kan. He had died during the night, evidently from the effects of some drug administered at Kansas City, where he took the train for Bliss, O. T. The first news of the death of young Croker was received in Kansas City when the local police were requested to hunt for a negro who is said to have placed Croker on the train at Kansas City.

His Brother Hears the News.
Croker was found dead in a car seat just before the train reached Newton. The body was taken from the train at Newton. His identity did not become actually known until a message was received from Richard Croker, Jr., at New York, several hours later, asking the authorities to hold the remains, and stating that he would leave the east immediately for Newton. The first clue to Croker's identity was a letter found in the dead man's pocket addressed to Zuch Mulhall, formerly of Oklahoma, who is now holding a Wild West show in New York city, to Joseph Miller, manager of the famous "101" ranch at Bliss, O. T.

Was "Dopey" When He Took Train.
Passengers on the train took particular notice when young Croker was assisted into a chair car at the Union station in Kansas City by a young negro, because the white man was helpless, as if from liquor. The negro assisted Croker into a seat and then gave him a purse containing a railroad ticket and \$19, counting the money out to Croker. Immediately after the train started Croker fell into a deep sleep, snoring loudly. Later he grew quieter. As the train neared Newton the conductor, who wished to take up Croker's ticket, shook him to arouse him and found him dead.

Story the Negro Tells.
The negro who put young Croker on the train has been found. He was Chas. Woodson, a porter at the Coate's hotel. Woodson says that Croker arrived at the hotel about 8 p. m. in an intoxicated condition. After checking a small valise at the hotel Croker, the negro says, asked him where there was a "hop joint." After repeated requests Woodson says he agreed to accompany Croker to such a resort. They then went together to a Chinese resort on Sixth street, between Wyandotte and Delaware streets, where they remained an hour. Woodson says he then took Croker directly to the train

at the Union station. Croker's valise is still at the check stand at the hotel. Croker did not register at the hotel, and it is not believed that he stopped at any other hotel during his brief stay in the city. Woodson tells a straight story, and the police do not think that he was guilty of robbing Croker or otherwise abusing his confidence.

Chicago Schools Tied up Because "Scabs" Hauled Coal

Chicago, May 13.—The absurd situation of a lot of school kids "striking" because non-union men were hauling the coal supply for their schools is presented here and the only solution suggested is the arrest of a couple of youngsters as "disorderlies" and the suspension of the schools until the trouble blows over instead of a liberal application of "hickory oil." The youngsters pummeled any well-disposed boy who attempted to attend school. Two are tied up—the Carter H. Harrison and the Hendricks, both on the south side.

Otherwise the strike situation has improved. Union teamsters who have heretofore refused to deliver goods to "struck" stores are beginning to weaken and began making such deliveries. The "struck" houses have 1,900 wagons at work, and are doing almost normal business; last but probably most important the Employers' association has given the strikers until Monday to return—such of them as there are places for—after which they never can get back. Still it takes 2,100 policemen and 1,200 deputy sheriffs to prevent violence.

GREAT COST OF PRODUCTION SALE

Held by J. J. POEHLING & CO., will be continued for the next 19 days of this month. We are compelled as well as determined to reduce one-half our immense stock of

100,000 Dollars Worth Of Dry Goods, Ready-to-Wear Apparel, Millinery, Etc., Etc.

With this end in view we shall dispose of our splendid stock of Seasonable, Dependable and GUARANTEED Merchandise at cost and less than cost of production. This is your opportunity, and not ours, to make money. But it is our opportunity to unload and reduce our stock to the figures we have set.

Thousands of people from this city and adjacent territory have taken advantage of these stupendous price concessions. The merit of our merchandise is forcibly declared by the overwhelming low prices, and it has reverberated the good tidings of where to buy and where to save money on your purchases.

When goods are sold at cost and less it is a loss to the seller. Conditions have made it possible for us to stand this loss, as it benefits the public and our patrons, and we thereby realize our desire in reducing our stock \$50,000. Buy your summer supplies now--on a cost basis. We guarantee everything we sell. Money refunded if not satisfactory.

We challenge you to buy our Goods and duplicate the quality and prices elsewhere.
